5-week course under the mentorship of Misha Oplev

Character Concept Art (2020-2021)
1-year course under the mentorship of Dmitry Klyushkin

GAME PROJECTS

Sanctuary, Graduation Project, Team Project (2026) Sanctuary Project Page
Sanctuary is a narrative sci-fi game set in a post-apocalyptic world with LLM-powered NPC dialogue as the core mechanic.
Shortlisted for the Arts Thread Global Creative Graduate Showcase 2026

- Sole artist on a team of 3 programmers
- Established a visual language for the whole project, including two distinct visual styles for the game's two factions
- Designed 11 characters and animated them in Spine 2D
- Designed 5 locations: two for each faction and one for the shared space
- Designed the UI: main menu, dialogue window, speech bubbles, journal, mini-games
- Integrated assets and assembled scenes in Unity
- Contributed to worldbuilding and quest writing

Imprisoned, Team Project (2025) Imprisoned Project Page
Imprisoned is a top-down 3D action game in which the player plays as a slime trying to defeat enemies, manage its own body as a resource, and save its creator.

- Worked in a team with another artist and 3 programmers
- Co-developed the visual language with the other artist
- Designed environments for 3 levels across 3 biomes, modeling in Cinema 4D and assembling scenes and materials in Unity
- Created the UI style, VFX and shaders in collaboration with programmers

Mourn, Solo Project (2025) Mourn Project Page
Mourn is a narrative point-and-click game about processing grief and trauma.

- Wrote the story and dialogue
- Created a visual language for the whole project including: Environment, Characters, UI
- Programmed the game in Unity using visual scripting

SKILLS

Art skills: Visual development, character design, environment design, concept art, illustration, animation (Spine 2D), UI/UX design, worldbuilding

Software:

- **2D:** Photoshop, Illustrator, InDesign, Procreate, Adobe After Effects (basic)
- **Animation:** Spine 2D
- **3D:** Cinema 4D, Nomad Sculpt, Blender (intermediate)
- **Engines:** Unity

Languages: English (professional working proficiency), Hebrew (professional working proficiency), Russian (native)

ADDITIONAL EXPERIENCE AND INTERESTS

- **Volunteer Art and Design Teacher, Ulpan Etzion Jerusalem (2023-2025)**
  Planned and led regular art and design workshops for ulpan students for 1.5 years
- **DnD Game Master:** currently running a long-term campaign with an original plot, set in a custom world
- **Sports training:** regular yoga and strength training for 4 years
